Realizing, despising, your conniving
It's gotta stop

Conspiring, conspiring minds
The story of my life
Just when you think life gets clear
A thorn in your side

You got your hand out I see, your nerve I
cannot believe
Now that you've taken
There's nothin' left for me
You got your hand out I see
Your nerve I cannot believe
Now that you've token, what's left for me

These people push up on me
All I'm asking is
Can I Live
Won't you please let me live
Just save it for another day
All I'm asking is
Can I Live
Won't you please let me live

They always want something more
Want something from my life
All they want is a piece of me
To bring my demise

You got your hand out I see
Your nerve I cannot believe
Now that you've taken

There's nothing left for me
You got your hand out I see
Your nerve I cannot believe
Now that you've taken, what's left for me

These people push up on me
All I'm asking is
Can I Live

Won't you please let me live
Just save it for another day
All I'm asking is
Can I Live
Won't you please let me live

Can't tell ya how I'm so frustrated about
your attitude, I can't explain it
Gimme some space
You're always in my face all the time
Back off, 'cause I need
some time to think
About the situation that just stinks
Can't tolerate, I'm irate, Just save it

These people push up on me
All I'm asking is
Can I Live
Won't you please let me live
Just save it for another day
All I'm asking is
Can I Live
Won't you please let me live
