[Chorus: 2X]

Cause every time we touch, I get this feeling
And every time we kiss I swear I could fly
Can't you feel my heart beat fast, I want this to last
Need you by my side

[Verse 1:]

Well baby girl, let's take this back
I'll press rewind, you just relax
I'm confused, the past seems black
Take a seat, let's sort the facts
Let me see, how young were we?
Oh that's right, we met at three
I was just a little fool
God you were so beautiful
And I remember way back when
You'd chase me round, I'd steal your pens
But that's okay, you stole my heart
Knew we'd never grow apart
You wrote my name down everywhere
We were young, but truly cared
A find like you is oh so rare
Even then, no one compared
Let's take this back, to our first date
Damn that night was f*cking great
I remember what we ate
Pizza at Joe's pizza place
And I remember our first kiss
And how you laughed when I first missed
Learned that night that love exists
God we both were so nervous
But that's okay, look at us now
All grown up, I'm like wow!
Still in love, I wonder how
Practically writing our vows
Baby I feel so alive
When our bodies do collide
Girl I love you very much
Cause every time we to-to-touch!

[Chorus: 2X]

Cause every time we touch, I get this feeling
And every time we kiss I swear I could fly
Can't you feel my heart beat fast, I want this to last
Need you by my side

[Verse 2:]

Now every time we touch, I fly
Your body is like a high
Turned on by your ass and thighs
But still, I love the girl inside
Eyes got me mesmerized
Hips got me hypnotized
Heart's got me so in line
And I thank God that you're all mine
Cause every time we back at home
They all put you on a throne
Cause they know just who you with
FiO Baby and his click!
And every time you visit me
I just love to show you off
Probably cause you're so New York
And all these girls are way too soft
They let me slide, you call me out
Set me straight, you curse and shout
When I act hard you call my bluff
Reminding me I ain't that tough
And that is why I love you most
Always try and keep me close
Hear my thoughts, and help me cope
So I thank you, for having hope
When I get paid, I'll buy a boat
We can travel coast to coast
Do up Cancun, we'll drink and smoke
And live it up until we're broke
Necklaces and diamond rings
Shopping sprees, and girly things
I'll frost you up with lots of bling
Now everybody go and sing

[Chorus: 2X]

Cause every time we touch, I get this feeling
And every time we kiss I swear I could fly
Can't you feel my heart beat fast, I want this to last
Need you by my side

[Bridge:]

Your arms are my castle, your heart is my sky.
They wipe away tears that I cry.
Oh, the good and the bad times, we've been through
them all.
You make me rise when I fall.

[Chorus: 2X]

Cause every time we touch, I get this feeling

And every time we kiss I swear I could fly

Can't you feel my heart beat fast, I want this to last

Need you by my side
