Verse 1

Well Isn't this a turn of luck, FiOs on that Up and Up!
Lost in Time is being bumped, see fans I'm like
wassup, what up
I was down and out before, but guess who aint ignored
no more
I capsized and lost my oar, but now I'm sailing back to
shore

Rock bottom was a bitch so I prayed and wished
That things would turn around, but life don't work like
that
Felt if I try to swim, (well) I would probably drown
But I took that risk, Look where I am now

I'm feeling good man, I'm feeling great again
Switched up my game plan, I love my fans, they fam
I aint on deck no more, Bronx Bombing grand slams
No Mitchell Report, performance enhanced

I'm going Overtime, (uh) Heres My Chance Man
Victory Dance Man, (uh) I'm on my Space Jam
We just began Man, Shout Out to Can (Canada) Man,
This ones for Uncle Sam, I'm going HAM damn!

Chorus (2x)

I'm feeling nice, so fresh, so ripe, I'm pumped, I'm
hyped
Nothing can bring me on down
We gettin by, we drunk, we high, I'm lovin life
Nothing can bring me on down

2x

(On down, on down, on down, down, down)

Verse 2

Ai yo, My life is like a movie, cause nothing seems real
Lucid Dreaming Wide Awake, everything is surreal
Although it's quite ironic, my career is ideal
Yea I'm up in 7th Heaven baby, Jessica Biel

Keepin it real, Staying true (true), Rapping's what I do
(do)

Welcome to my Brand New Point of View
And if ya haven't noticed yet, ya boy stands out
So I guess I'm Out-Standing, and I'm going all out

I'm in a new state of mind I designed to get signed
Feeling fine, on my grind, this my time, it's sublime
And I don't like to brag, so lets just say that I'm super
You could wish upon me, a *what* ship trooper

I shine so bright, you can catch me, if I dare fall,
Put me in your pocket, and save me for a rain fall
There's no need for Drama, the dream I'm Vinny
Chasing
There's no Ultimatum, this is why I'm Born (Bourne),
Jason

Chorus (2x)

I'm feeling nice, so fresh, so ripe, I'm pumped, I'm
hyped
Nothing can bring me on down
We gettin by, we drunk, we high, I'm lovin life
Nothing can bring me on down

2x

(On down, on down, on down, down, down)

Bridge:

Rock Bottom was a bitch, thank god I prayed and
wished
Cause things have turned around, my feet back on the
ground
So I dove right in, turns out that I can swim, tonight I'm
taking risks,
Look where I am Now!

Down

Look where I am Now!

(I'm pumped, I'm hyped, nothing can bring me on
down,
We getting by, we drunk, we high, I'm loving life,
Look Where I am Now!)

Chorus (2x)

I'm feeling nice, so fresh, so ripe, I'm pumped, I'm
hyped
Nothing can bring me on down
We gettin by, we drunk, we high, I'm lovin life
Nothing can bring me on down

2x

(On down, on down, on down, down, down)
