Chorus (x3)

One more night I wanna be with you
Where I wanna hold you tight
Feels so right, tonight, Â so leave it up to you
And I think the time is right, to stop the fight

Verse 1:

Who the fuck you know put it down like me
Nobody that's who, I'm Well like Spre
Krispy like Kream, Apparently
I'm a best rapper category nominee

Fresh out the gate, right in your home
Ears to the people, eyes on the throne
I came into this, all on my own
With Long Island on my back, I am never alone

Bridge:

Since I began, I've come mad far (come mad far, come
mad far)
Just saw my ex, called me a star (me a star, me a star)
Said I have no clue who you areÂ (who you are, who you
are) Â Â
Said come back home, your heads on mars (heads on
mars, heads on mars)

And I can't disagree, I'm a bit ashamed
I'd kill to come home, and escape the game
One more night, to hold you tight
Do things over, make shit right

But I don't wanna be 32 and uptight
Work in the Office, Mike, Jim, and Dwight
So every damn night, I Rap, Roll, and write
Life handed me lemons so I could make Sprite

Chorus:

One more night I wanna be with you
Where I wanna hold you tight
Feels so right, tonight, Â so leave it up to you
And I think the time is right, to stop the fight

One more night I wanna be with you
Where I wanna hold you tight
Feels so right, tonight, so leave it up to you
And I think the time is right, to stop the fight

Verse 2:

Cot damn, there he go
FiO Baby stole the show
Yet again, let's pretend
All these haters didn't know

That he's the illest motha fucka up in this god damn
game
And I never let a hater bring me down, explain
See I came for the fame, and the fame I gained
Everybody's fired shots, and I still remain

Cause they came with their guns, when I came with
grenades
That's why I blew up, and they still in the range
Poppin off at the mouth, while we pop champagne
Smoking Mary Jane, while we on cocaine

Reigned, came, entertained, obstacles I overcame
How I did it, can't explain, FiO Baby is my name
With Lost in Time I proclaimed, A Lucid Dream will
reclaim
This thrown, once owned, by me, bout to be a king like
Leon

Cause my absence knocked me down, bet your ass I
want that crown
See my castle be this town, but my kingdoms
underground
And these haters will soon bow, from the gates I hear
the crowd
And my crowd has gotten loud, so I'm standing pretty
proud

Pra, pra, proud like a parent, Family Matters, Carl
Winslow
You wouldn't like it when I get mad, Lou Ferigno!
SING YO!

Chorus:

One more night I wanna be with you
Where I wanna hold you tight
Feels so right, tonight, so leave it up to you
And I think the time is right, to stop the fight

One more night I wanna be with you
Where I wanna hold you tight
Feels so right, tonight, so leave it up to you
And I think the time is right, to stop the fight
