Sit Back, Relax

Chorus (2x)

Well I sit back, relax, and watch the tears roll down
I try and scream for help, but I aint making a sound
I'm walking all alone cause my heart has faded
I'm begging for help but I'm already jaded

My heart has grown cold, yes the world is changing
(I) may be young, but my soul is aging
I'm dying inside, so feel free to save me
I'd do it myself, but I'm way to lazy

I'm lost, it's dark, she's my one and only
But she don't give a fuck, I admit I'm lonely
And I don't trust my boys, cause I know they phoney
And I don't trust my boys, they just fade out slowly

Why should I pretend bitch, I tell it like it is
Don't tell me I'm a prick dick, get up out my biz
You try and help others, how? I know your a fake
Fuck you to my back, hello to my face

If you think your my boy, ya heads way up in space
You pretend to be a friend, your a fucking disgrace
I'm sick of all this bullshit, shits got to end
I know yall aint my boys, so don't fucking pretend

Chorus (2x)

Well I sit back, relax, and watch the tears roll down
I try and scream for help, but I aint making a sound
I'm walking all alone cause my heart has faded
I'm begging for help but I'm already jaded

When I look in the mirror, I just stare at a stranger
My life is caving in, so I'm screaming danger
I gotta change my tactics like a cornell or major
It's morphing time, like a power ranger

I'm trying to change, but that's not what I want
I'm playing life off like I'm Mr. Nonchalant
Mr. Cool, Mr. Smooth, Mr. No I'm not

Mr. FiO Baby, yo just give em a shot

I am who I am, you can love me or hate me
Cause I don't give a fuck, well at least lately
I'm a little confused, I think a bitch played me
I'm a little confused, I think the world hates me

With this brace around my leg and all these fucking
seizures
I'm screaming "fuck you world", who the hell needs ya
Don't cha know that I'm fucked, bitch I'm living a lie
Poppin pills to survive, bitch I'm ready to die

Chorus (2x)

Well I sit back, relax, and watch the tears roll down
I try and scream for help, but I aint making a sound
I'm walking all alone cause my heart has faded
I'm begging for help but I'm already jaded

Yo what up motha fuckas, FiO's doing it now
Got the haters fired up and ya wondering how
Yall use to make fun of me, but now your like wow
Bitch now I'm on top, and I'm laughing real loud

Went from mike drop the mic, to "wow were so proud"
From your lyrics are wak to "wow look at that crowd"
Mike you'll never make it, so don't reach for the sky
They said keep it a hobby, cause ya never gunna fly

But I'm standing here bitch, and I refuse to lye
I'm working real hard, and I refuse to die
So don't tell me who I am, or what the fuck to do
Cause I'm doing me now, and I'm better than you!

Chorus (2x)

Well I sit back, relax, and watch the tears roll down
I try and scream for help, but I aint making a sound
I'm walking all alone cause my heart has faded
I'm begging for help but I'm already jaded
