Check 1, 2

Check 1, 2

So I'm, I'm, just gunna use this...

Chorus:

What you want, (now what you wan't baby) baby baby I
got it (you know I got
It, got it)

And what you need, (now what you need) is to be right
here next to me
(Right here baby)

What you want, (now what you wan't baby) baby baby I
got it (you know I got
It, got it)

And what you need, (now what you need) is to be right
here next to me

Verse 1:

Well now the times they are a changing, so my life I'm
rearranging

It's time to grow up, time to start evaluating

Myself as a man, an artist, and a student

Engaged to the stage, but I'm married to my music

And you know I tend to lose it, every time I hear a
stupid

Rap song on the radio, cause mainstream sounds
retarded so

Undergrounds the way to go, hip hop at it's finest yo
My music is delightful, so much more insightful

Much more interesting just to hear what one is going
through

In a time of fear, the wars what I'm referring to

All this fucking terrorism, all up on the television

Was it who they said it was, or was it to bring patriotism

New York I'll always rep, cause I still morn the deaths
From the attacks on 9/11, so much anger and

aggression

Cause I lost a family friend, but take pride in the
progression

Of a nation in recession, see now aint this shit
refreshing (like huh?)

Chorus:

What you want, (now what you wan't baby) baby baby I
got it (you know I got

It, got it)

And what you need, (now what you need) is to be right
here next to me

(Right here baby)

What you want, (now what you wan't baby) baby baby I
got it (you know I got

It, got it)

And what you need, (now what you need) is to be right
here next to me

Verse 2:

See now music is my baby, better yet maybe my lady

And I love all of my fans, they go FiO Baby crazy

Every time I leak a track, cause they know I spit the
truth

And the truth is that I'm caught up at the age of 22

It's like every choice that I seem to make,

Brings me right back where I started like a figure eight

This world is cold as ice, so I'm always rockin skates

And I'll be tearing up the rink, until the ice breaks

I'll be the first to admit that I'm still Lost up in Time

Haven't truly found my Che, self-conscious bout my
rhymes

Somedays I rule the world, somedays I'm just a
peasant

An unpleasant bitter spitter, whose feet still tend to
shiver

Still I quiver when I gamble, but I catch em on the river

Taking risks I feel I must, cause FiO Baby aint a quitter

I'm delivering the cake, but for now it's just a sliver

God grant me the serenity now, Jerry Stiller

Chorus:

What you want, (now what you wan't baby) baby baby I
got it (you know I got

It, got it)

And what you need, (now what you need) is to be right
here next to me

(Right here baby)

What you want, (now what you wan't baby) baby baby I
got it (you know I got
It, got it)
And what you need, (now what you need) is to be right
here next to me

Outro:

Right here baby, music I aint goin no where
I aint going no where, if you don't leave my side I aint
leaving yours
(Hahaha)
That was mad corny...
