With Kip Winger

You take it slow I keep hanging on
You tease me
You've got me begging and out of control
You make love look so easy

I can't sleep at night I can't breathe
And I'm burning bright
Got the fever must be dreaming
I'm on fire and I'm burning bright

Light a candle 'cause it's time to
Feel the heat
Come on closer be my lover
Feel the heat

Ooh you're sexing me
Everything you do just turns me on
Ooh you're sexing me
I can feel it coming on

Where can I run where can I hide
You follow me from the inside
Rock of ages a heart built for one
All going down in a landslide

To the river of love let's come together
Ooh you're in my blood
Bring me water 'til I'm drowning even closer
Ooh you're in my blood

It's a rhythm my love so feel the beat
Cinderella it's now or never so feel the beat

Ooh you're sexing me
Oh you know I'm gonna get you
Ooh you're sexing me
Baby 'cause I want to let you

The sun won't shine until you put
Your heart with mine

Darkness darkness all around me
Look out your window put
Your heart with mine

You should know by now
There's no way out no way out
I'll be waiting don't keep me waiting
There's no way out no way out

Ooh you're sexing me
Everything you do just turns me on
Ooh you're sexing me
Baby bay baby come on

Ooh you're sexing me
