'Member when we argued o'er the concept of regret?
You were an expert even then but not me; not yet
Now, all you gotta do's remind me that we met
And there - you got me - that's how you got me - you
taught me to regret

'Member how I asked you why are you so mean?
You didn't know how to react to being seen
I tried to be your friend, you made me shamed, so I'm
getting e'en
And there - you got me - that's how you got me - you
taught me to be mean

But I ran out of white doves' feathers
To soak up the hot piss that comes from your mouth
Every time you address me

Oh, I ran out of white doves' feathers
To soak up the hot piss that comes from your mouth
Every time you address me

'Member when I was so sick and you didn't believe me?
Then you got sick too and guess who took care of you?
You hated that, didn't you? Didn't you?
Now, when you look at me, you're condemned to see
The monster your mother made you to be
And there - you got me - that's how you got free - you
got rid of me

But now I ran out of white doves' feathers
To soak up the hot piss that comes from your mouth
Every time you address me

Oh, I ran out of white doves' feathers
To soak up the hot piss that comes from your mouth
Every time you address me

Alone
Leave me alone
Leave me alone, leave me alone
Leave me alone, leave me alone
Alone
