I would walk you home
And then I'd sail you to the door
Under white bulbs flashing,
Across the oceans roar,
You're a star,
You're a star.

I would tell you things
That I told nobody else
Put your arms inside my jacket
And kiss me on the steps
You're a star.
You're a star

My little heart would beat
When I saw your snow-white feet
Eyes of blue deep and wide
And your hair blows in the wind, it hurts me darling
Do do, do do, do, well here it comes
Do do, do, it's gone in a flash
Do do, do, it fills your lungs,
Brings you back to life.

As the seasons changed
And the nights grew longer still,
I'd wait for you in the lane,
And wait by your house upon the hill,
You're a star.
You're a star

My little heart would beat
When I saw your snow-white feet
Eyes of blue deep and wide
And your hair blows in the wind, it hurts me darling
Do do, do do, do, well here it comes
Do do, do, it's gone in a flash
Do do, do, it fills your lungs,
Brings you back to life.

I love you and I always will love you
I love you and I always will

Do do, do do, do, well here it comes
Do do, do, it's gone in a flash
Do do, do do, do, well here it comes
Do do, do, it's gone in a flash
Do do, do, it fills your lungs,
Brings you back to life.
