"North Star Lover"

Lover, lover, lover you are,
Guiding us out of the woods.
Lover, lover, lover you are,
Are a north star, burning.

She shifts her weight to the other foot,
Asks me how deep I'd like the cut,
Sharpening her words.

He kicks out the door wedge,
And walks her to the ledge,
Points out to the ocean.

I hear that you're living in, that house out by the lake.
Things that fall together, just as easily break.
I'm not looking back though.

Lover, lover, lover you are,
Guiding us out of the woods.
Lover, lover, lover you are,
Are a north star, burning.

Ah, aaah
Ah, aaah

We wrestle with the tide,
Till there was nowhere to hide,
Laid bare on the rocks.

Things came into focus sharp,
With the morning came a spark,
That lit the fuse for sorrow.

I hear that you're living in, that house out by the lake
Somewhere down the road, beside you I wish to wake,
I'm not looking back though.

Lover, lover, lover you are,
Guiding us out of the woods.
Lover, lover, lover, you are,
Are a north star, lover.

Lay your head, on the river bed.
The tears we shed, gonna burst the bank.

Lover, lover, lover you are,
Guiding us out the woods.
Lover, lover, lover you are,
Guiding us out of the woods.
Lover, lover, lover you are,
Are a north star, turning.

Ah, aaah
Ah, aaah
