I still see you as a baby, I do  
Climbing onto the stage in front of the school

High strung  
The cat got your tongue  
The spotlight came out  
You'd been strung  
I followed the trail  
when I heard that they found  
you in the cowshed

I still see the insect filled jars in rows

The calculations and the diagrams, constellations

High strung  
The cat got your tongue  
The spotlight came out  
You'd been hung  
I followed the trail  
when I heard that they found  
You in the cowshed
