Slip out at night  
Melt into the alleyway  
Your mind's not right  
Not until the next day

Take care  
Watch what you're doin'  
Be careful that you see  
Take care  
Stay out of trouble  
There's evil out there that you can't see  
The break of dawn

What it really wants  
Is an unaccompanied girl  
He loves his victim hunts  
It fills his secret world

Take care  
Watch what you're doin'  
Be careful that you see  
Take care  
Stay out of trouble  
There's danger out there that you won't see (you won't see)  
The break of dawn  
The break of dawn  
You won't see

(Guitar solo)

He goes home tired  
Nobody came his way  
But still gets wired  
With thoughts of yesterday, yeah

Take care  
Watch what you're doin'  
Be careful that you see  
Take care  
Stay out of trouble

There's evil out there that you can't see  
The break of dawn

You won't see the break of dawn (repeats until fade)
