Runnin from the feelin
Can't disguise
Findin all your reasons
Were alibis
You can say your breezin
It's not that way at all...

You're headed for a fall

Lookin for excuses
To hide your shame
But all your little loose ends
Don't change a thing
You're the one who loses
By runnin from it all
Backs against the wall
You're headed for a fall
For a fall

Starin out your window
At the pourin rain
Tryin to hide your sorrow
In your sweet champagne
You can't lose your troubles
In the bubbles of your wine
Only makes them easier to find
Easier to find

All your wasted chances
How do they feel
All your sweet romances
Were you never real

Cause you're the one who dances
Got to pay the pipers call
Backs against the wall

You're headed for a fall
You're headed for a fall
You're headed for a fall

For a fall

You're headed for a fall
You're headed for a fall
You're fallin, I see you fallin

For a fall
You're fallin, I see you fallin
You're headed for a fall...
