Nevermind the reason, you may never know  
Blame it on the seasons, they come and go  
Blame it on the weather, something in the wind  
Blame it on whatever, it might have been

You can say, you know what happened  
You can say, that I was wrong  
You can say, most anything you want to  
You can say, I just say so long, so long, so long

Say it doesn't matter, say it's all for fun  
Nevermind the laughter, that doesn't come  
Tell yourself you hate me, tell us all your side  
Tell your friends I'm crazy, it'll save your pride

You can say, you know what happened  
You can say, that I was wrong  
You can say, most anything you want to  
You can say, I just say so long, so long, so long

So long, so long, so long I just say so long

Call it fact or fiction, blame it all on me  
Speak of your conviction in destiny  
Say it's not important, you can swear it's all a game  
Call it fame or fortune, but it's all the same

You can say, you know what happened  
You can say, that I was wrong  
You can say, most anything you want to  
You can say, I just say so long  
So long, I just say so long

(You can say you know what happened)  
You can say that I was wrong  
You can say most anything you want to  
You can say, you can say, you can say  
I just say so long

(You can say you know what happened)  
I just say so long  
(You can say you know what happened)

I been wrong before  
(You can say you know what happened)  
Does it really matter, oh  
You can say you know what happened
