Sometimes I feel so cold  
Like I'm waiting around all by myself  
Loneliness gets so old  
I'm in the lost and found, sitting on the shelf

Been stuck for way too long  
(I hear Your voice)  
You're who I'm counting on

Oh, tell me You're here  
That You will watch over me forever  
Oh, take hold of my heart  
Show me You'll love me forever, forever

I know that You can tell  
When I start to let my hope fade away  
I need to catch myself  
Open my ears to hear You calling my name

Been fighting way too long

(I hear Your voice)  
You had me all along

Oh, tell me You're here  
That You will watch over me forever  
Oh, take hold of my heart  
Show me You'll love me forever

When I'm starting to drown  
You jump in to save me  
When my world's upside down  
Your hands they shake me and wake me

Oh, tell me You're here  
That You will watch over me forever  
Oh, take hold of my heart  
Show me You'll love me forever

Oh, tell me You're here  
That You will watch over me forever  
Oh, take hold of my heart

Show me You'll love me forever, forever
