Take it off by Firehouse

Baby step right up and don't be shy
There's no doubt tonight's the night
The way you've been teasin' me we're both gettin' hot
Now I think it's time you show me everything you've got
It's time to shed your inhibitions and fulfill my
fantasies
To see you wearing nothing but a smile makes me
scream
Take it off
Get naked from your head down to your toes
Don't hide your body underneath those fancy clothes
I want you to let it all hang out
And when I see you shake it makes me want to shout
Take it off
So take 'em down and hit the lights
Show me that you've got nothing to hide
I don't mean any disrespect you've got sex appeal
I just can't control the way you make me feel
It's time to strip your inhibitions and indulge my
fantasies
To see you wearing nothing but a smile makes me
scream
Take it off
Get naked from your head down to your toes
You look much better when you're not wearing any
clothes
I want you to let it all hang out
And when I see you shake it makes me want to shout
Take it off
