Silence to regain composure  
Or rather, music to soothe  
Maybe a little magic could help  
Things could turn around  
Freeze this mood for now  
Hold tight till it thaws  
Wetness pulled out of me  
So I cry less easily  
A hasty decision  
Ha  
Rdly used  
Jokingly punished  
Icy fingers touch warmth  
Trickles to the floor  
Wetness pulled out of me  
So I'll cry less easily  
Wetness pulled out of me  
So I'll cry less easily  
Wetness pulled out of me  
So I'll cry less easily
