Don't You Fade on Me by Firehouse

Look at our love  
It's like a picture book of memories and we don't know  
how the story ends  
When we were young  
We lived each chapter of our lives and through it all  
We stayed the best of friends  
Darlin' turn back the pages and remember yesterday  
And mark the place inside your heart  
Don't close the book and let our story end this way  
When times get hard oh you know I need you to be  
strong  
Baby don't you fade on me  
We've been together so long and now you're a part of  
me  
We've been side by side through thick and thin can't  
throw all that away  
You've got to hang on baby don't you fade on me  
Take a look at us now  
We've traveled every road together but we don't know  
where the journey's done  
Just when we think we've reached the final destination  
We come to find we've only just begun  
Darlin' you're never lost if you just let love find the way

When times get hard and you know I need you to be  
strong  
Baby don't you fade on me  
We've been together so long and now you're a part of  
me  
We've been side by side through thick and thin can't  
throw all that away  
You've got to hang on baby don't you fade on me  
Baby don't you fade on me  
We've been together so long and now you're a part of  
me  
We've been side by side through thick and thin can't  
throw all that away  
You've got to hang on don't you fade  
Baby don't make that mistake  
Don't you fade on me
