I bet I've seen that face
A hundred times or more
Then you shed a tear
What do you want from me
Is it something I can give
Just let me know
Then you walk in my arms and say
I need you more today

Dream, baby dream
Kiss me goodnight and I'll rock you to sleep
Dream, baby dream
You're slipping away

Sometimes I'm so afraid
There's nothing I can do
You're always on my mind
You know my hands were tied
Don't you know how hard I tried

To never let you go
Then you walked in my arms and said goodbye

Dream, baby dream
Kiss me goodnight and I'll rock you to sleep
Dream, baby dream
You're slipping away

Down on my knees I pray for you every day
I've been alone since you've been away

Dream, baby dream
Kiss me goodnight and I'll rock you to sleep
Dream, baby dream
You're slipping away
You're slipping away
