"Hold Your Fire"

I'm like a loaded gun I got you in my sight
And you're the only one I want to shoot tonight
Ready an' able the trigger to fire
Locked on target for my desire
Got you covered and there's nothin' that you can do

But say
Hold your fire
Hold your fire

I'm speedin' like a bullet never miss my mark
With infrared eyes that can see in the dark
Actions semi automatic satisfaction the instant I hit
I got you covered and there's nothin' that you can do

But say
Hold your fire
Hold your fire

Hold your fire
Hold your fire

Hold your fire
Don't make me fire
Hold your fire
Only desire
Hold your fire
Your desire

Hold your fire
