You know you're everything to me  
And I could never see  
The two of us apart  
And you know I give myself to you  
And no matter what you do  
I promise you my heart

Iâ€™ve built my world around you  
And I want you to know  
I need you like Iâ€™ve never needed anyone before

I live my life for you  
I wanna be by your side in everything that you do  
And if there's only one thing you can believe is true  
I live my life for you

I dedicate my life to you  
You know that I would die for you  
But our love would last forever  
And I will always be with you  
And there is nothing we can't do  
As long as we're together  
I just can't live without you  
And I want you to know  
I need you like Iâ€™ve never needed anyone before

I live my life for you  
I wanna be by your side in everything that you do  
And if there's only one thing you can believe is true  
I live my life for you

Oh, Iâ€™ve built my world around you  
And I want you to know  
I need you like Iâ€™ve never needed anyone before

I live my life for you  
I wanna be by your side in everything that you do  
And if there's only one thing you can believe is true  
I live my life for you  
Oh yeah, I live my life for you
