Oh, yeah

You're headed for the spotlight, I know you can go far  
You can do anything, just follow your heart  
Just set the wheels in motion, hold tight and stake your  
claim  
Make sure that they will all remember your name

Can't you feel it comin' on?  
Just let go  
Can't you see that  
You're about to steal the show?

Oh, you're the overnight sensation  
You can be a star  
Overnight sensation  
No matter who you are

The stage is ready for you, can't wait another day  
There is no limit, you can take it all the way  
Just take your chance forever and make your dreams  
come true  
You know it's now or never, it's up to you

Can't you feel it comin' on?  
Just let go  
Can't you see that  
You're about to steal the show?

Oh, you're the overnight sensation  
You can be a star  
Overnight sensation  
No matter who you are

Oh, the overnight sensation  
You can be a star  
Overnight sensation  
No matter who you are

You're the overnight sensation  
You can be a star  
Overnight sensation

No matter who you are

You're the overnight sensation

You can be a star

Overnight sensation

No matter who you are

You're the overnight sensation
