(What can you say about our country?)

Once I was happy and I felt no pain  
Sang like a sparrow in the pouring rain  
Someday those days are coming back again  
When you are history

Look like some kind of fallen chimpanzee  
Who was it kicked you from the ugly tree?  
What makes you think that you're the boss of me?  
Why don't you go away?

Everybody say  
Hey, clown  
We're gonna put you in the ground  
We had it all and then you blew it all away  
Everybody say  
Hey, clown  
You turned our happy upside-down  
We're gonna burn your flag and piss on your parade  
(Piss on your parade)

There's something that I just got to say to you  
These are the worst times that I ever knew  
And all my troubles are because of you  
And your pathetic crew

Every time I see you on my TV screen  
I wanna disappear or run and scream  
And your existence is the worst bad dream  
That I ever knew

Everybody say  
Hey, clown  
We're gonna put you in the ground  
We had it all and then you threw it all away  
Everybody say  
Hey, clown  
You turned our happy upside-down  
We're gonna burn your flag and piss on your parade  
(Piss on your parade)
