"Miss You Like A Fool"

I had enough of tears and sorrow
Hope you know what I feel for you
Still don't wanna think about tomorrow
Somehow I hope you will find someone new

Sometimes I wish that you could be here with me
Every night that falls is a misery

After all I feel much better
But you will always stay in my heart
We will never be together
We will always remain apart

Sometimes I wish that you could be here with me
Every night that falls is a misery
Sometimes I wish that I could be there for you
I can't help it I miss you like a fool

I hope that you can stay with me
Like its ment to be
And all the time
I wanna make you mine
I hope that you could come to me
Forever stay with me
Every moment that I stay with you
Makes me miss you like a fool

Someitmes I wish that you could be here with me
Every night that falls is a misery
Sometimes I wish that I could be there for you
I can't help it I miss you like a fool
