You fools try to live with yourselves
Through other people's dreams
It's a pity, you don't listen to yourselves
Just to your next of kin

Judging people putting down their beliefs
Is that a necessary?
You're gonna get it back, believe me
You're just a peasant under your regime

It's all
You want
You know, you got it
And you know you gotta throw it away

You know, I try to live with myself
And not through my dreams
I try to listen to what's in my head
But it's not what it seems

Just like you but in a different way
I'm gonna get it back
You know, I try but in a different way
Another power you lack

It's all
You want
You know you got it
And you know you gotta throw it away

It's all
I want
I know I got it
But I know I'm gonna throw it away

You fools try to live with yourselves

Through other people's dreams
It's a pity, you don't listen to yourselves
Just to your next of kin

Judging people putting down their beliefs

Is that a necessary?
You're gonna get it back, believe me
You're just a peasant under your regime

It's all
You want
You know you got it
And you know you gotta throw it away

It's all
You want
You know you got it
And you know you gotta throw it away

It's all
I want
I know I got it
But I know I'm gonna throw it away

It's all
You want
You know you got it
And you know you gotta throw it away

It's all
I want
I know I got it
But I know I'm gonna throw it away

It's all
I want
I know I got it
But I know I'm gonna throw it away

It's all
I want
I know I got it
But I know I'm gonna throw it away

It's all
I want
I know I got it
But I know I'm gonna throw it away
