Geah, we in the muthafuckin house  
Eihthype in the muthafuckin house bitch, for the 94  
Ain't no love ho, uh  
And right about now Niggas On The Run in the  
muthafuckin house  
Lil Hawk'n Bird in the muthafuckin house  
Half Ounce in this bitch, you know I'm sayin'?  
And this how we gon' do this for all the Compton  
homies

Niggas back the fuck up and let me get down  
Another O.G. from the Compton town  
Uh, so put yo' gun down, run up fool  
And as you procede to run get that with the tool  
It's Mc Eiht so what's up with that?  
Ratta-tat-tat from the stolen gat  
Uh, my nigga fuckin' Hawk & Bird got the Mac-10  
Eihthype quick to do that ass in  
Living in the street where we slang that cavi  
Fool if you don't know, it's Compton - Cali  
Hood rats tryin' to scheme on my riches  
Hit the pussy and dash, fuck you bitches  
Gotta watch out for the schemin' cops  
Car jacking and macking don't stop  
Come back to hit yo' fuckin' block with the Tec-9  
I'm doin' my dirt cause fool it's hard times, geah

I never leave the pad without the gun  
Dip through and kick it with some niggas on the run  
They put me down on a lick  
On some punk fools across town you can get the dick  
Slipped up and fucked around, I seen the goods  
Don't mess around with these niggas in the hood  
I hit 'em up with that muthafuckin west side  
Serve a clock-head for the fuckin' G-ride  
You're all alone so now it's on  
See the barrel of my chrome, take 2 to your dome, uh  
You can't fuck with it fool so don't say nuthin'  
Niggas I'm stompin' so I'll keep dumpin'  
Don't try to fuck with the Eiht - ball  
As I chop chop, timber, I'll watch that ass fall

So is that it? I don't think you want no more  
Nigga new improved like Madden 94  
Hut hut fool, so now you gotta punt  
As I flick your ass like ashes off my blunt, hard times

Aw shit, you better run when the night fall  
Eihthype fuckin' up shit on a murder call  
So bail the fuck on before I start taggin'  
Khaki's creased up bitch and I'm saggin'  
All the way down the chronic row to the mutherfuckin  
Hub  
Pocket full of bud  
Niggas don't fuck around is what you heard  
Back up's brought in by Little Hawk & Bird  
Creep in the muthafuckin' home  
Put 2 hollow points in your dome then I'm gone  
Back out the muthafuckin' win - dow  
Leave your crib smellin just like endo  
Niggas got guns, niggas got funds  
Niggas cap that ass so we niggas on the run, geah  
Bail from the depths of hell, that's Compton  
If you don't copy we knock out teeth  
So bring your mark ass down to the spot  
Where one times is hot and you might get got, hard  
times, geah

We in the mutherfuckin house  
Eihthype in the mutherfuckin' house  
Niggas On The Run in the mutherfuckin' house  
And that's how we doin' it for the 94 nigga  
So stay the fuck down fool, geah  
Like I said before, geah  
Nigga
