01. The more I know
02. The more I hear
03. It only makes me think
04. Of sudden years
05. A diamond deal
06. The waters still remain
  
07. You want to fire
08. You carried your own cross
09. And you can't deny it
10. That sickness has no course
  
11. In my darkest and sleepless nights
12. I want you to spend them aside
13. In the coldness of all times
14. I want you to be the light
  
15. The essence of it all
16. Is to live your life
17. 'Coz right before the storm
18. A new hope will rise
  
19. You have to face it
20. The battle for your life has just begun
21. Well there's, no denying
22. Still fighting through the shadows of your soul
  
23. So I'm starting to lose my own faith
24. Feels like I won't survive
25. The fusion is taking my life
26. The course that I choose must be right
  
27. The essence of it all
28. Is to live your life
29. 'Coz right before the storm
30. A new hope will rise
  
31. The essence of it all
32. Is to live your life
33. 'Coz right before the storm
34. A new hope will rise

35. The essence of it all (The essence of it all)
36. Is to live your life (All alone)
37. 'Coz right before the storm
38. A new hope will rise
