Oh when the glass is half full
Oh but the bottle's half empty
And youre stuck
Youre stuck between the cup and the lid

When youre runnin on fumes
And theres still the devil to pay

Maybe its time
Maybe its time, to take a little trip
On the strip!
On the strip!
Oh baby you gonna flip
On the strip
The Vegas strip

You say you want a cheap libation
An all expensies paid vacation
Well m aybe you and I lady wanna get yourselves fixed
Oh just take a sip
Just take a little sip
Youre gonna flip
Shake'a your hip baby
Oh c'mon the vegas strip!

Well its a hard act to follow
But you can keep what you cant swallow
Our life can be so pretty
When youre filth rich!

Thank you, Thank you very much!
