I've never cared for authority
I've never felt part of the majority
Well I lost my home
And I lost my wife
This is no joke
Yeah, this is my life
This is my life

New suit of clothes, same emperor
Some people think
Think that they're superior
But you can cut them down
With a rusty knife
This is no joke
Yeah, this is my life
This is my life

I'm just one man
What can I do?
Against an army
An army made of you
Time marches on
To a drum and fife
This is no joke
Yeah, this is my life
This is my life
