Till the end of time
How do you think of what there's inside?
No angels by your side
This is the dreams and tears now
How can we make it through the day?
The steed we must ride
Visions of hell in my mind
But we must carry on
Carry on
Till the end of time
We will stay
Till the end of time
All who loves this world
Till the end of time
Sitting in the dark
Spirits of the wind
My death commend
DIE
It's not a friend of mine
Today the sun won't shine
Just as the gray fills the sky
WHY
No matter how I try
The bees just won't die
This is what I'm fighting for
But I must carry on
Carry on
Till the end of time
We will stay
Till the end of time
All who loves this world
Till the end of time
Sitting in the dark
Through the firewind
My death commend
Till the end of time
We will stay
Till the end of time
All who loves this world
Till the end of time
Sitting in the dark

Spirits of the wind
My death commend
Till the end of time
Till the end of time
Till the end of time
Till the end of time
Till the end of time
