Step outside this spinning wheel and you'll see its  
turning  
All the shadows now will disappear and you're burning  
You can't change the world, but you can change  
yourself  
Slowly turning dust into a shape

Embrace the sun, you won't get hurt  
Don't be afraid, is it so hard to understand?  
Embrace the sun, embrace the sun  
Inhale the air, there's nothing wrong  
Just breathe, caress the flame of life and you'll be  
strong  
Embrace the sun, embrace the sun

At the end of the sea you will find there is no horizon  
And don't fantasize but your fortune is here for a  
reason  
You can't change the world, but you can change  
yourself  
Try to turn the dust into a shape

Embrace the sun, you won't get hurt  
Don't be afraid, is it so hard to understand?  
Embrace the sun, embrace the sun  
Inhale the air, there's nothing wrong

Just breathe, caress the flame of life and you'll be  
strong  
Embrace the sun, embrace the sun

Face your life and stop pretending  
Now you're caught in the eye of the world  
Now it's time for an ending  
Oooohh!

You won't get hurt  
Don't be afraid, is it so hard to understand?  
Embrace the sun, embrace the sun  
Inhale the air, there's nothing wrong  
Just breathe, caress the flame of life and you'll be  
strong

Embrace the sun,embrace the sun

Don't be afraid  
You won't get hurt  
Don't be afraid
