It seems its over
When the ground is gone
The night is silent
Now i stand alone
When we are together
You make me feel alive
Bound forever
You're love feels right

One more night comes to an end
One more fight for my friend
No more regrets.

Feels like I've known you for so long
My heart is blank without you
Tonight together
They're not alone
Just in you, I Confide

It isn't over
When you are gone
A destination still lies ahead
In silver moonlight
Our love is awake
Please forgive me
And don't walk away

One more night comes to an end
One more fight for my friend
No more regrets.

Feels like I've known you for so long
My heart is blank without you
Tonight together
They're not alone
Just in you, I Confide

Feels like I've known you for so long
My heart is blank without you
Tonight together
They're not alone

Just in you, I Confide

Feels like I've known you for so long
My heart is blank without you
Tonight together
They're not alone
Just in you, I Confide
