[Music: Gus G., Lyrics: Apollo Papathanasio, Niclas Engelin]

All my fears are gone since I don't know when  
But the path I chose has made me strong

Demons of the past are here  
They push for revolution  
Trying to manipulate my brain  
I found my own solution

I won't crawl for you again  
I will never go insane

Do the things you want to do and let your spirit guide  
you through  
In a life worth being remembered  
Don't look back you won't regret, forgive, forget and  
never hate  
Isn't it how you want to be remembered?

Through the darkest days don't let anxiety  
Embrace your soul just stay awake

Demons tried to tear me down  
Start the revelations  
My barricades are made of steel  
I faced my situations

Do the things you want to do and let your spirit guide  
you through  
In a life worth being remembered  
Don't look back you won't regret, forgive, forget and  
never hate  
Isn't it how you want to be remembered?
