Recreation, Immense design then destruction too
beside
Hear the past feel the truth holy boast
Dislocation, Spirits Called
Suffocation, Need Control
We rode the same through different lives
Holy Land
End, Futures holding us
And I (I set the world on fire)
I will rise through the wind
And I (I'll Set the world on fire)
Worlds collide in me
Set the World on Fire
Set the World on Fire
Deprivation, End This Void
Send a nation into a void
With just one voice, just one night
We take the base

End, Futures holding us
And I (I set the world on fire)
I will rise through the wind
And I (I'll Set the world on fire)
Worlds collide in me
Set the World on Fire X4

[Solo]
And I (I set the world on fire)
I will rise through the wind
And I (I'll Set the world on fire)
Worlds collide in me
Set the World on Fire
