[Nas Escobar]

You ever dance with the devil under the pale  
moonlight?

Desperados, travellin

What the fuck's up son?

We could do this word up, we could do this

Chrous: The Firm

Spend too many nights on the Henny gettin right  
Breakin big face Bennies, bettin against the friendly  
dice

I can't call it, it's goin too good to spoil it

Tell it like it is, the raw shit never recorded

(repeat 2X)

[Canibus]

At a thousand degree Celsius I make MC's melt

Fuck my record label I appear courtesy of myself

Let me explain how I maintain thresholds to pain

I walk across the Sun barefoot lookin for shade

I rearrange your rib cage like a twelve gauge at close  
range

And change the position of your brain

My hard raps penetrate through your hardhats and all  
that

Nigga, get ya wig peeled back

I scalp you like the indians on horseback

Running Bull will hit you harder than runningback

Stunning man with brave and cunning rap

Swiftly running laps around 48 tracks

Like uncut crack you fiends keep coming back

Heads is flippin like acrobats on gym mats

From wax to analog tapes to digital DAT's

It's critical black, that Canibus is I'll like that

In fact perhaps you should quit rap, instead of always

Tryin to diss back, cause niggaz keep tellin you that  
your shit's wack

I rip raps, hardcore raps rushin you to the floor mat

Put you in the figure four, break your thorax

Jump off the top turnbuckle and land on your back

Til I hear it snap or crackle, the ref says chill black  
You get clapped bringin the wrong raps to combat  
Like bringin a paint gun to a shoot out with real gats  
Y'all niggaz is wack, rappin over microphone feedback  
My intelligence begins where yours peaks at  
From Fox Boogie in the see-through brasierre, to Nasty  
Nas here  
My nigga Nature'll explain it further if it's not clear

[Nas and Foxy Brown]

Millionaire look at the sky make sure it's still there  
Ice grill stares and my jewelry is in every year  
Pierre Cardan back in a Dapper Dan time  
Now flex, angle wrecks, Foxy rock Van Klein

[Nas Escobar]

Initiated to the Firm shit, real thugs learn quick  
Sit back and feel the ultimate hit  
Initiated to the Firm shit, real thugs learn quick  
Sit back and feel the ultimate hit

[AZ the Visualiza]

Yo lock in, do the knowledge, follow the doctrine  
We clockin, on your airwaves, keepin it rockin  
Blaze up, make fire, light your Purple Haze up  
Betcha tired, bitch ass niggaz need to be caged up  
So raise up fuck the playin, I'm sick of layin  
I can picture sprayin off an SK, shells ricochetin  
Snatched up, in Supreme Court, eyes half shut  
Co-defendant caught a life sentence, seem him crack  
up  
React what, who will, bail two mill'  
Nigga cool still bet I'll be home before the news will  
Blast fuse and leave purple Frank Matthews  
Perhaps you confuse the concept black, cash rules  
Incog-ged, another had more deez involved  
Known freeze condo seize seven keys dissolved  
Daily routine, speakin up for niggaz who sling  
Hand to hand on them street corners claimin you king  
It's time to lock this, join with us, let your glock spit  
Guzzle the toxic, only fake niggaz drop snitch  
Get your guns out, it don't take much for me to dumb  
out  
Play one route, lay ya shit down and run South

[Nature]

Here's the cause of this shit, more statistics  
Deeper than the laws of physics, Malibu sand ,the  
gorgeous bitches  
Weed from 1-2-5, my whole crew live  
A true Desperado, one that never choose sides

And show sympathy, just QB, an entity  
Stock exchange, top of the game, watch you mention  
me  
Image is nothin just obey your thirst  
I blaze the Purple Haze, sit in a daze, then display your  
birth  
For those concerned or just eager to learn  
I speak for The Firm, was told to keep the cheeba to  
burn  
Stashin my riches, past traditions, like Olympics  
Pass the torch flip shit so y'all could picture my  
thoughts, I'm driftin  
It's type I'll wakin up lookin like filth  
Twenty years younger same hunger same ice grill  
Genetically form grade A pedigree  
Born to carve rhymes, a swift tongue helped to set it  
free  
Theoretically peep how we bless this, young and  
restless  
Guns and westins, learnin to connect through lessons  
From cool feats to camps, niggaz shoot back  
It's a proven fact, nine-seven's mine, y'all niggaz move  
back

Chorus
