As I wait here  
In this evening in December  
I remember  
How it felt to be a child  
This old house  
Still feels the same  
All the family will be here  
In just a while

I hope daddy gets here first  
To build the fire  
He's the only one who has  
That special touch  
Then my sister with her kids  
And my grandma who I love  
So very much

Chorus:  
Oh, I'm glad we'll be together  
On this evening in December  
We'll watch the falling snow  
And hold each other close  
I'm so glad we'll be together  
For an evening to remember

On this night  
On this December night

Sometimes out on the road  
It gets so lonely  
Cause I miss those special people  
I hold dear  
Though our calendars are full  
At least for this one night  
We'll all be here

How the children love  
This evening in December  
And while the smallest ones  
Are playing on the floor  
There's a warmth I can't explain

And I feel the love of those  
Who've gone before

Repeat chorus

Keep the fire burning here  
Until we all come back next year
