Don't you see the signs are showin' that His comin' is at hand  
I do believe that the time is near  
Can't you see that days are dangerous with the wicked ways of man  
Even mountains rock n' roll with fear  
Don't you know He's comin' like a thief in the night  
And that the day will come so quickly like the twinklin' of an eye  
It's the comin' of the Lord  
There are wars and wars and rumors of more wars and wars and more  
All creation groans with birthin' pains  
Any moment we will see Him comin' on the clouds  
And just the thought of seein' Jesus makes my spirit sing out loud  
Won'tcha come on, come on  
Lord come quickly, Lord we're ready  
We are waiting, we stand steady  
With our arms outstretched to greet the comin' of our King  
Won'tcha come on, come on, come on  
Well, the day is swift upon us when ol' Gabriel blows his horn  
And the righteous rise to meet Him in the air  
I can hardly wait to greet the One that I adore  
Just the thought of seein' Jesus makes my soul sing all the more  
CHORUS:  
Won'tcha come on, come on  
Lord come quickly, Lord we are ready  
We are waiting, we stand steady  
With our arms outstretched to greet the comin' of our King  
Won'tcha come on, come on  
Lord come quickly, Lord we're stayin'  
Hey, You know we've been waitin' for You  
In Your will and we keep prayin'  
We believe Your returning is true  
You will find us working, watching, waiting patiently  
Won'tcha come on, come on

Oh, what a glorious day that will be  
What a day that will be  
When my sweet Jesus I see  
Won'tcha come on, come on  
Lord come quickly, Lord we are ready  
We are waiting, we stand steady  
With our arms outstretched to greet the comin' of our  
King  
Won'tcha come on, come on  
Lord come quickly, Lord we're stayin'  
Hey, You know we've been waitin' for You  
In Your will and we keep prayin'  
We believe Your returning is true  
You will find us working, watching, waiting patiently  
Won'tcha come on, come on  
Even so, Lord Jesus, quickly come  
We are waiting for You.
