Calling all cars... calling all cars  
Be on the lookout for  
Dangerous

Dan...

This man is wanted by the F.B.I. - 10-4

Said he's dangerous, armed and extremely dangerous

The day he walked into my life he caught me with my  
guard down don't let him talk his sweet talk  
On ya Cause I've hit on the bait that he threw, and I got  
hooked, don't  
Let it happen to you

Said he's dangerous, armed and extremely dangerous  
Said he's dangerous, armed and extremely dangerous

The day I came into his charms who would think that he  
would succeed

Then go on his way leaving me here with another  
mouth to feed So girls if you see him, you might think  
that you need him He might  
Look like the average guy, but he's wanted by the F.B.I.

Said he's dangerous, armed and extremely dangerous  
Said he's dangerous, armed and extremely dangerous

Said he's dangerous  
Oh, hell do it - bleed the life from me  
Said he's dangerous  
He don't care for nobody but his self

Said he's dangerous, armed and extremely dangerous  
Said he's dangerous, armed and extremely dangerous

Look out girls, he might be  
Walkin the streets right now  
Said he's dangerous, extremely dangerous
