(V1)

Every Night I think About It.
Wish You Were By My side.
It's Only Getting Better.
Tried So Hard, it hurt.
You stormed outta here.
I want You To Know.
I Remember that look, when we first met.
What You Said That Caught My Attention.
I Remember All The Small Things That Happened.

(Chorus)

You are glued to my mind.
You Make me think about it every time.
Yeah, you drove me crazy when we touched.
You, Baby, I Miss You.
I Gotta Say I Was Better Off With You Every Day.

(V2)

The Times We Spent Together Was Like The Holiday Of
My Dreams.
Spending Every Minute As We Can.
As We Lie down, we watched the days go on.
The Stars are Fading Now.
Wish You Were Still There.
The Nights Now Dark.
I Can Hardly See or Feel You Next To Me.

(Chorus)

-bridge-

I Kept My Word
I Love You Forever!
We Went Separate Ways.
And Now I Got A New Lover!
You Treated Me In A Good Way.
Like Making Me Feel Better.
You're Still The Closest Friend I Got!
I Want You To Remember Me!
I Remember Kissing You All The Time.
The New Year Was Our Day To Finish Our Dream.
Just Watching the Fireworks.

Alone With You!

(Chorus)
