"It Takes Iove"

I may be wrong
But when you speak
I feel the earth move under my feet
And if you tell me I've been a fool
It's with affection - well what can I do.
It's natural
Oh so natural
It takes love to understand the way you do
When I can't take any more
I must be dreaming - It takes love
I may be wrong
But when you're here
I feel the tension just disappear

And when the children have gone to sleep
Our time is precious - It's all I need
It's natural
Oh so natural
It takes love to understand the way you do
When I can't take it any more
I must be dreaming - It takes love
Now you're trying so hard
Time and tide wait for no man
(When I run you must follow. . .)
