"Multinationals Bite"

You're no anarchist
You're not extreme.
But you threaten them.
With your dream.
So be careful.

Multinationals bite bite bite.
They'll destroy you.
Overnight.

I hear wardrums (Picking up pieces of blood for you
now).
I hear wardrums.
I hear wardrums.

You don't realise.
The extent of their power.
I can't help you.
Anymore.
And you'll find out.
Multinationals bite bite bite.
They'll destroy you.
Overnight.

I hear wardrums (Picking up pieces of blood for you
now).
I hear wardrums.
I hear wardrums.

There's no justice.
Outside the law.
The have governments
Under control...
