I don't need to need you  
Tell me what to do, tell me what to say  
Don't you want to help me  
Tell me what to do, help me find a way

If I was not me, I would hate me too  
Just like you do  
I don't need to need you  
Tell me what to do, tell me what to say

It's all me  
Worse by the simple scheme  
You're slippin' away from me  
Can't decide sometimes if it's worth the point  
The point is the struggle and security

Don't believe you make no mistake  
If you learn from what you got to take  
Good or bad, it's all gonna add up in the end, but  
You can never win

I don't need to need you  
Tell me what to do, tell me what to say  
Don't you want to help me  
Tell me what to do, help me find a way

If I was not me, I would hate me too  
Just like you do  
I don't need to need you  
Tell me what to do, tell me what to say

And it's the desperation to hold onto  
Something that can't be held onto  
So don't waste your time filling up my words  
Don't tell me why I assume the worst

Don't believe you make no mistake  
If you learn from what you got to take  
Good or bad, it's all gonna add up in the end, but  
You can never win

Don't fake me, don't tell me how,  
Don't break me down, don't help me make it
