"Supply & Demand"

Take everything
Take everything
All you can bring
All that I want

The more, the best, the better than I am
The truth, the real, define "archetypical man"

I got supplies, you got demands
I got the sense that you can't understand
I got supplies, you got the demand
I got the feeling you don't give a damn

You can have it all
Anything you want
You can have it all
Anything I've got

Give everything
Give everything
All I can bring
All that you want

How much, how long can you really make it last
Too much, too fast, too little
It was really a blast

I got supplies, you got demands
I got the sense that you can't understand
I got supplies, you got the demand
I got the feeling you don't give a damn

You can have it all
Anything you want
You can have it all
Everything I've got

I am getting ahead
I've paid my dues
I'm getting ahead
