Single "Big Wedge" ---

Faith Healer!

If your body's feeling bad, and it's the only one you
have

You want to take away the pain, just go out walking in
the rain

You watch the flowers go to bed, just ask the man
inside your head

Your spirit never has to grieve, all you've got to do's
believe

The faith healer, the faith healer!

All you've got to do is feel, your body's going to start to
heal

The fingertips of holy fire, everlasting sweet desire
It never mattered what the doctor said, the healer man
will sail away

It's immortality for two, oh the miracles, they will come
to you

>From faith healer, the faith healer!

Can I put my hands on you? Can I put my hands on you?

The faith healer, the faith healer

Faith, and hope, and charity, the simple relativity
He can make you understand, all you've got to do,
you've got to take his hand

The fingertips of holy fire, everlasting sweet desire
It never matters what the doctors said, listen to the
man inside your head

The faith healer! The faith healer!

Can I put my hands on you? Can I put my hands on you?

Let me put my hands on you! Let me put my hands on
you?

Can I put my hands on you? Can I put my hands on you?

The faith healer, the faith healer...
