1) heorot's plea and grendel's awakening.

Midnight suns bid moors farewell, retreats from
charging dusk,
Mountain echo, curfews bell, signal ending tasks
They place their faith in oaken doors, cower in
candlelight
The panic seeps through bloodstained floors as
grendel stalks the night

Earth rim walker seeks his meals
Prepare the funeral pyres
The shaper's song no longer heal the fear
Within their eyes, [their eyes]

Wooden figures, pagan gods, stare blindly cross the
sea
Appeal for help from ocean fogs, for saviour born of
dreams
They know their lives are forfeit now, priestly head they
bow in shame
They cannot face the trembling crowd that flinch in
grendel's name

Earth rim walker seeks his meals
Prepare the funeral pyres
The shaper's song no longer heal the fear
Within their eyes, (their eyes)

As grendel leaves his mossy home beneath the
stagnant mere
Along the forest path he roams to hrothgar's hall so
clear
He knows that victory is secured, his charm will testify
His claws will drip with mortal blood as moonbeams
haunt the sky

As grendel leaves his mossy home beneath the
stagnant mere
Along the forest path he roams to hrothgar's hall so
clear
He knows that victory is secured, his charm will testify

His claws will drip with mortal blood, as moonbeams
haunt the sky

Earth rim walker seeks his meals
Prepare the funeral pyres
The shaper's song no longer heal the fear
Within their eyes, (their eyes)

2) grendel's journey.

Silken membranes span his path, fingerprints in dew
Denizens of twilight lands humbly beg him through
Mother nature's bastard child shunned by leaf and
stream
As alien in an alien land seeks solace within dreams
The shaper's lies his poisoned tongue malign with
mocking harp

Beguiling queen her innocence offends his icy heart

3) lurker at the threshold.

Hounds freeze in silence bewitched by the reptile spell
Sulphurous essence pervades round the grassy dell
Heorot awaits him like lamb to the butcher's knife
Stellar heavens ignore even children's cries

Screams are his music, lightning his guide
Raping the darkness, d-d-death by his side

Chants rise in terror, free round the oaken beams
Flickering firelight portraying the grisly scene
Warriors advance, prepare for the nightmare foe
Futile their sacrifice as even their hearts must know

Heroes delusion, with feet in the grave
Lurker at the threshold, he cares not for the brave, he
cares not for the brave

4) finale.

So you thought that your bolts and your locks would
keep me out?
You should have known better after all this time
You're gonna pay in blood for all your vicious slander
With your ugly pale skins and your putrid blue eyes
Why should I feel pity when you kill your own and feel
no shame
God's on my side, sure as hell, I'm gonna take no
blame
I'm gonna take no blame, I'm gonna take no blame

So you say you believe in all of mother nature's laws
You lust for gold with your sharpened knives
Oh when your hoards are gathered and your enemies
left to rot
You pray with your bloodstained hands at the feet of
our pagan gods

Then you try to place the killer's blade in my hand
You call for justice and distort the truth
Well I've had enough of all your pretty pretty speeches
Receive your punishment, expose your throats to my
righteous claws
And let the blood flow, and let the blood flow, flow,
flow, flow.
