A love song with no validity
Pretend you never meant that much to me
Numb, a valium child, bored by meaningless collisions
A lonely stretch of headlight, diamonds trapped in
black ice
A mirror cracked among the white lines.

I just wanted you to be the first one
I just wanted you to be the first one
Ashes are burning, burning
Ashes are burning, burning.

A lifestyle with no simplicities
But I'm not asking for your sympathy
Talk, we never could talk, distanced by all that was
between us.
A lord of the backstage, a creature of language,
I'm so far out and I'm too far in.

I just wanted you to be the first one
I just wanted you to be the first one
Bridges are burning, burning
Bridges are burning, burning
Now, now, now, now
