Hunched foetal in the corner of my soul  
My fingernails are bleeding  
From climbing up the wall  
This time you really hurt me right down to the core  
And I'm desperately trying to find a reason  
To forgive you for it all

I saw your life as a shadowplay  
In a trance I was held by the shadowplay  
In the spell of the shadowplay  
From Celtic illumination  
I see the Celtic illumination  
The Celtic

I never realized just how far we'd gone  
I turned around and all that I saw was distance  
Through an anger that burned everytime  
That someone mentioned your name.  
I should have noticed, should have read the signs  
We could have talked it out if there was a problem  
It wasn't obvious then  
But then it isn't really obvious now

I saw your life as a shadowplay  
In a trance I was held by the shadowplay  
In the spell of the shadowplay  
From Celtic illumination  
I see the Celtic illumination  
The Celtic

I could have changed I could have settled down  
I could have been whatever you wanted me to be  
If you gave me the chance  
But it seems that it's too late for that now  
I thought I knew you thought we had it made  
I'd thought it out, thought I had the answers  
After all is said and done  
The only thing I really know is your name.

I sit and wait for the shadowplay  
Let me in into the world of the shadowplay

I'll follow you to the shadowplay  
Through Celtic illumination  
Give me the Celtic illumination  
Illumination.
