(speedy/keen)

Call out the instigators because there's something in  
the air,  
We got to get together sooner or later because the  
revolutions here,  
And you know it's right and you know that it's right.  
We have got to get it together.  
We have got to get it together now  
We're together now.

Knock up the streets and houses because there's  
something in the air,  
We got to get together sooner or later 'cos the  
revolutions here  
And you know it's right and you know that it's right  
We have got to get it together  
We have got to get it together now

Hand out the arms and ammo  
We're gonna blast our way through here  
We've got to get together sooner or later because the  
revolutions here  
And you know it's right and you know that it's right  
We have got to get it together  
We have got to get it together now  
We have got to get it together now  
Now, we're together now, the revolutions here,  
It's here, the revolutions here now.
