All Praises to the King of Kings and the Lord of Lords...
Since the start of man, it's been our nature...
To learn every sin backed by deception...
So we don't think anything about real humanity y'all...
Wish we could feed the world with a block of cheese
y'all...
And every prophet said it would come...these troubled
times...
The children scream for water under the sun...in search
of their mind...
Righteous baby get right, time for the people (time for
the people today)
Racist people get back for one planet people yeah...
Freedom is the key for world unity y'all...
Babylon must fall, bow to His knees y'all...
For total peace and love, let's all agree y'all...
All these dirty war situations must cease yeah, (All wars
must cease)
And every prophet said it would come...these troubled
times...
Their children scream for water under the sun...in
search of their mind...
Righteous baby get right, time for the people (time for
the people today)
Racist people get back, for one planet people yeah...
Interlude in Spanish (I really wish I knew what they are
saying)
And every prophet said it would come...these troubled
times...
The children scream for water under the sun...in search
of their mind...
Righteous baby get right, time for the people (Time for
the people today)
Racist people get back for one planet people yeah...
Repeat chorus...
