You ask me if I'm unhappy well no I'm not fine
I ask you the same question and now it's trivia time
Well I just turned in my players card girl so here's my
parting line
Good-bye, good-bye, good-bye, good-bye

We traveled some rough seas
To get to the shore of sunshine
But the sun shines a brief time
Cause the clouds are in your mind
You got your own concepts well, baby I got mine
It's okay not seein' eye to eye but we have trouble bein'
kind
Just like pourin' cool water in a got grease ya see we
can't combine
You had your good man but you've taken for granted
your rare find

We traveled some rough seas
To get to the shore of sunshine
But the sun shines a brief time
Cause the clouds are in your mind

Psychologically overcast (x3)

You got a selfish way that seems to be in your design
Well I'm too experienced to take kicks in my behind
Next time you find love adhere to the warning sign
Good-bye good-bye good-bye good-bye good-bye

We traveled some rough seas
To get to the shore of sunshine
But the sun shines a brief time
Cause the clouds are in your mind
Psychologically overcast (x3)

A doggi deegee dagee doo goo
You selfish nah
